

Evergreens: **the Who, What, Why, & Where**

Presented By:
**Carol Burdett,
Master Gardener**

**Wednesday,
November 1st
@ 10:00 a.m.**

Cumberland Meeting Room - Art Circle Public Library
3 East Street, Crossville, TN 38555 – (931) 484-6790 – www.artcirclelibrary.info

Evergreens are the staple of any well planned garden. They not only provide shelter for our birds and life and texture all year around but also color, balance and background for our more labor intensive perennials and annual flowers. Now's the time to plant and there are still well stocked nurseries to provide what we seek. Come and see PowerPoint slides of Carol's favorite choices for your own garden.
